Ah XD

I had to ask. Read it in fanfic.

My innocence is hiding out somewhere, terrified of getting burned by boss baes, dragons, griffins, and axe murderers . . .

I'll post smallish previews here:

“Killerpuss, are you all right?” His expression was one she had never seen on him before.

“Am I all right?” she asked herself aloud. She hadn’t meant for him to hear. But he had heard, too.

He crouched down near her and laid his talon on her horns. She squirmed away. “I'm so sorry, Killerpuss. I should have told you. How bad is it?”

That sounded so unlike Dusty Talons that she was shocked into staying still for a moment, and he tipped over onto her. He cocked his head and gave her a funny look. "What?"

“It’s - I'm okay, Dusty Talons. I think. I hope. But. It’s just that . . . just . . . You don’t sound like Dusty Talons.”

A glimmer of his attitude from last night sprang into his eyes. “I'm off of alcohol, that’s all. You like me better when I'm doped up?”

She had no chance to answer before he swung around on top of her, and pressed his body into hers, forcing her wings to curl around him.

“You bad boy! You-” she broke off, inhaling sharply as he dipped up, his wings extended, and then pushed down again, folding them in; making her heart leap in sync with his movements.

“You maggot!” she breathed. He laughed.

“You moonsbegotten beetle!”

“RainWing admirer!”

“Ooh, that stings,” he grinned. He poked her underbelly playfully. This made her contort into a ball around his claws. She couldn’t stop the dopey grin that was spreading across her face.

“You like?” He smiled, and poked her again, making her wriggle away in delight.

"It tickles though..." she whisper-yelled through her laughter.

the salad is definitely NOT bland...gotten much spiced up...XD
